

PPP Loan Forgiveness Application Services

The Paycheck Protection Program (“PPP”) created by the CARES Act provided much needed liquidity to businesses struggling as a result of the COVID-19 pandemic. What it did not provide was a clear and straightforward framework for guaranteeing that your loan fully qualifies for forgiveness under the program. We have experts dedicated to understanding the ever-changing regulations and rules surrounding the PPP and are here to help. Our services include all the calculations and reconciliations needed to complete the PPP Loan Forgiveness Application as well as assembling your supporting documentation package. Please contact us to discuss your needs and how we can be of assistance.

Includes:

- Reconciliation to supporting documents (i.e. payroll register, 941s)
- Calculation of average weekly hours during covered period
- Calculation of average wages during covered period compared to 1/1 - 3/31
- Calculating health insurance, retirement contribution and UC premiums and reconciliation to supporting documentation
- Calculation of owner/partner compensation eligible for forgiveness
- Calculating mortgage interest, rent and lease payments, and utility payments eligible for forgiveness and reconciliation to supporting documentation
